JOSIAH TURNER, Jr., EDITOR.

THE BURIAL OF GEORGE PEABODY.

The last ceremonies over the remains of the illustrious philanthropist was performed on Tuesday in the village in Massachusetts which bears his name. The funeral was attended by between 5,000 and 10,000 people including many distinguished persons, and the order of exercises substantially as arranged were carried out, despite the severe snow storm that prevailed throughout the entire ceremonies. Prince Arthur and suite occupied a position in the procession immediately following the relatives of the deceased, succeeded by Minister Thornton English and American naval officers State and city officials. The delegation from the Maryland Legislature was accompanied by that of Massachusetts. The Baltimore city delegations were with those of the cities of Salem, Boston and Portland.

THE SERVICES

took place at the South Congregational church, which was appropriately decorated for the occasion. The casket, as it lay in front of the pulpit, was elaborately decorated with the choicest flowers in the most exquisite funeral designs. Behind, on the pulpit face, an elegant cross; on the centre of the casket a magnificent crown, and at the head and foot large and tasteful bouquets, all entwined with delicate green. The Sutton Guard stood sentinel over the remains.

The services began with a voluntary on the organ. The anthem, "Unto thee shall all flesh come," by Mozart, was then impressively sung. Scripture selections were read by Rev. Daniel Marsh, pastor of the Peabody Memorial church, in Georgetown.

HOW TO BREATHE.—There is one rule to be observed in taking exercise by walking—the very best from in which it can be taken by the able-bodied of all ages—and that is, never allow the action of respiration to be carried on through the mouth. The nasal passages are clearly the medium through which respiration was designed by our Creator to be carried on. "God breathed into man's nostrils the breath of life" previous to his becoming a living creature. The difference in the exhaustion of strength by a long walk with the mouth firmly closed, and respiration carried on through the nostrils instead of through the mouth, is inconceivable to those who have never tried the experiment. And, indeed, this mischievous and really unnatural habit of carrying on the work of inspiration and expiration through the mouth, instead of through the nasal passages, is the true origin of almost all the diseases of the throat and lungs, as congestion, asthma, bronchitis, and even consumption itself. That excessive perspiration to which some individuals are so liable in their sleep, which is so weakening to the body, is solely the effect of such persons sleeping with their mouths unclosed. And the same unpleasant and exhaustive results are occasioned to the animal system from walking with the mouth open, instead of, when not engaged in conversation, preserving the lips in a state of firm but quiet compression. As the action of the heart and velocity of the blood through the lungs depend almost entirely upon the quantity of the atmospheric air inhaled with each inspiration, and it is unavoidable that it should be taken in volume, by the mouth, while it can only be supplied in moderate quantities and just in sufficient proportion to serve the purpose of healthy respirative action, while supplied through the nostrils, it is clear that the body must be much higher and cooler, and also the breathing is much freer and easier, when the latter course rather than the former one is adopted. Children ought never to be allowed to stand with their mouth open; for besides the vacant appearance it gives to the countenance, it is the certain precursor of cold, coughs and sore throats.

BEAUTIFUL EXTRACT.—Do trees talk? Have they not lusty lungs—do they not, at sunrise, when the wind is low, and the birds are carolling their songs, play a sweet music? Who has ever heard the soft whispers of the green leaves in spring time on a sunny morning, who did not feel as though rainbow gleams of gladness were running through his heart? And then, when the peachblossoms hang like rubies from the stem of the parent tree—when the morning-glory like a virgin before the shrine of God, unfolds her beautiful face, and the moss roses open their crimson lips, sparkling with the nectar that falls from heaven, who does not bless his Maker? When autumn comes—the season of the "sere and yellow leaf"—when the wheat is in its golden prime and the corn waves its silken tassels in the air, how those who think, bow and remember the reaper Death! And then again, in winter, when the bosom of Old Mother Earth is cold, and the white snow, like a shroud, is on her breast, and the naked trees, with leaves all fallen, stand quivering in the wind!

Does death follow immediately upon decapitation? This question, which has been often and elaborately discussed by physiologists, has recently been brought to a new in Paris by the guillotining of the murderer Traupmann. Dr. Pinel has published a letter upon it, in which he takes the ground that the trunk retains life after the head is separated from it for a long period, though it ceases to have any consciousness as soon as it is emptied of blood. The head, he says on the other hand, both lives and thinks, sometimes one hour, sometimes two, and even three. The brain remains uninjured, and continues its functions until it is benumbed by loss of blood and of the nervous fluid. It sees, hears and smells, and must therefore suffer the most cruel agonies. For this reason, the learned doctor denounces the guillotine as altogether too cruel a punishment even for the most atrocious murderer.

FIRE.—Yesterday morning between the hours of one and two o'clock, our citizens were aroused from their peaceful slumbers by the alarm of fire, which proved to be the burning of the Sugar Creek Presbyterian Church, about three miles from this city. We learn that the building had been but recently repaired and the destruction is suspected to have been the work of an incendiary.—*Charlotte Times*, 14th.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

The Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county; no family that uses this light for one evening will again be annoyed with the chimney lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarborough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman like manner for those desiring them.

There are now 40 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the head ward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, this is a saving of one hand in the mill. This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

F. J. WRAY.

I will be at Lynn Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

F. J. W.

READ THE FOLLOWING.

Mr. F. J. Wray, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut a log 11 inches deep, 20 feet long, in 45 seconds, with my 13 foot overshot wheel. We have in day cut 5,000 feet weather boarding, flooring, and inch board, in eight hours.

Dec 23rd 1868. ALDRIDGE PARTIN.

Mr. F. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 48 inch saw and same water wheel.

AT IT AGAIN.

In the House of Representatives, on yesterday, Mr. Welch moved to suspend the rules in order to take up his resolution, declaring it to be the sense of that body that the term of the present General Assembly will expire on the first Thursday in August 1870. The rules were suspended; the question put upon its passage, and failed for want of a quorum. A number of Radical members, afraid to face the music on this question, *dodged* the vote, and thus caused the resolution to fail.

Those who were present when the question was put, and thus *dodged* are, Carson, Carey, col., Forkner, col., Graham, Hoffman, Kinsey, Morrell, Mayo, col., Pearson, Price, col., Renfrow, Reylolds, col., Sinclair, Simonds, Smith, of Martin, Stevens, Sweat, col., Sykes, col., and Wilson, 20. A glance at the proceedings, might, perphaps, show some others.

Now, why is this? Are these men still indulging the hope of remaining over until 1872, contrary to right, reason and the unmistakable wish of the people of all parties? If they are, why don't they come out like men and show by their votes where they stand? Why consume the time, so dearly paid for by the people, in quibbling, trifling and dodging?

By such conduct men exhibibit a want of moral courage altogether unworthy the grave representatives of a people for whom they pretend to be legislating, and for it the people will hold them responsible.

But there were dodgers in the Senate yesterday, as well as in the House.

Dr. Love offered a resolution, as will be seen by the proceedings, calling on the Auditor to tell how much was paid for ice by the State Department, last summer, under what statute the purchase was made, &c, &c. Dr. Love called the yeas and nays on the resolution, when the following Senators, although present in the Hall, dodged the vote; namely Eppes, (col.) Jones, of Wake, Legg, Martindale, Moore, of Carteret, Moore, of Yancey, Respass, and Smith—8. These men, by their action, showed that while they could not vote against the resolution asking for information involving a considerable expenditure of the people's money, they had not the moral courage to vote for it because there was a probability the exposure might injure the *party*.

These are shameful exhibitions. We call the attention of the hard working tax paying men of the State to it, and we call upon them to remember these men when they come to give an account of their stewardship.

GONE.

The Edit or has gone this week to Granville Court where he will see Judge Watts.

Wonder if the Judge charged the Grand Jury of Granville, as he did in Wake, that no one was to speak to or approach them except through the Solicitor?

The Ring are in no danger of presentment in Granville, and it may be the Judge did not give the charge there that he did here. We, the *locum tenens*, are no lawyer, but it does strike us as eminently proper for any and all citizens to approach the grand Jury, in Court or out of Court, day or night, and inform them or any one of them, that a crime has been committed; and it strikes us as equally proper, that the grand jury should be charged to keep their matters secret.

It would seem, too, that this was the law when Judge Merrimon was on the Bench, but the law and the Judges, too, have undergone vast changes since that time, though not very far away in the past.

A GLOOMY STATE OF AFFAIRS.—We regret to learn that the contractors on our Western N. C. Rail Road—or many of them have become entirely discouraged and have been compelled, in the absence of funds to suspend the work. Many colored hands are out of employment, and wish their pay.

We sincerely hope there is a brighter day ahead, and that very soon our good Treasurer, Mr. Roberts will be supplied with funds to meet all dues, and that the work on this great thoroughfare will be resumed. We not only hope that there is a brighter day ahead, we are confident of it.

We clip the above from the Asheville *Pioneer* of last week. It is truly "a gloomy state of affairs," and who is responsible for it? The whole affair has been in the hands of the Radical party of the State from the beginning until now. They had the Convention and made their constitution; they have the Legislature and have made their laws and appropriations under it; they had their Governor and the whole batch of officers, big and little, to execute their laws, and manage the finances, and manipulate their bonds, and lay their plans to carry out whatsoever their hearts desired. They made their Railroad Presidents and put the bonds in their hands; their Governor telegraphed, time and again, that the interest on their bonds would be paid; their Treasurer said it would be paid; Mr. Clingman wrote a letter to prove it would be paid; but it was never done.

Stock dealers and stock buyers saw the game that was being played—they knew how the thing was working, and consequently, they would have nothing to do with them, and to-day the bonds are worth just nothing, and sell for but little more than they are worth.

Truly it is a gloomy state of affairs; but the hope of "a brighter day," under present auspices, is very fallacious.

Mr. Welch moved to suspend the rules and take up his resolution, declaring it to be the sense of the General Assembly that their terms expire on the 1st Thursday in August, 1870.

The yeas and nays being called the motion prevailed by the following ballot:

YEAS.—Messrs. Armstrong, Ashworth, Banner, Blair, Boddie, Bowman, Clayton, Durham, Ellis, Gatling, Gibson, Green, Grier, Gunter, Harris of Franklin, Hicks, High, Hinnant, Hodnett, Jarvis, Kelly of Davie, Kelly of Moore, Long of Chatham, Malone, McMillan, Nicholson, Painter, Pou, Proffitt, Reynolds, Shaver, Smith of Alleghany, Smith of Wayne, Stanton, Thompson, Vestal, Welch, White, Whitley and Williams of Harnett.—41.

Mr. Welch called the previous question and upon the call asked for the yeas and nays.

A ballot being taken the House sustained the call for the previous question by a vote of yeas 57, nays 32.

Upon the adoption of the resolution the following ballot was had:

(No quorum.)

Mr. Welch said the last two ballots showed that a quorum was present, and certain members were dodging in the lobby to defeat this resolution. He wanted the people of the State to know the men who were manœuvering to saddle themselves upon them for four years.

On motion of Mr. Malone, a call of the House was and *seventy members answered to their names.*

The following is the ballot:

CALENDAR (RESUMED.)

Bill to amend chapter 18 Public Laws of 1868-'69. Passed its third reading.

Bill to authorize the Commissioners of Ashe county to levy a special tax, passed its third reading by a vote of yeas 41, nays 32.

Mr. Pou arose to a question of privilege and said, In November last, a resolution was introduced into this House declaring in substance that the term of office of the present General Assembly ends on the first Thursday in August 1870. This resolution was referred to the House Committee on Privileges and Elections.

Subsequently, the opinion of the Justices of the Supreme Court, on the same question was sought by the General Assembly. Soon after the answer of the Justices, a meeting was held of the Committee on Privileges and Elections, by which it appeared that nine members of the committee were favorable to a short term. As there was no contrary opinion in the committee, and none in the whole House, so far as I knew, I thought it would be a work of supererogation to make a formal written report and I so stated in this House. Very lately I have heard with surprise, that an effort was being made to commit members of this House to an opinion favorable to the long term. For this reason I supported this morning a suspension of the rules to take up the resolution of the gentleman from Haywood. I wished to-day, to put at rest for all time in this House, the question of the tenure of office of the General Assembly.

Mr. Moore, of Chowan, moved to suspend the rules and take up the Senate bill, for the better protection of the States' interest as a Stockholder in the N. C. R. R.

The motion was put to a vote and adopted.

(The bill provides that Directors representing the States' interest call a meeting of Directors of said Road within ten days after the ratification of this bill, and to vote for a distribution of dividends as the surplus earnings for the year past. The said surplus earnings shall not be devoted to the payment of debts not due. That any one or more of said Directors refused to obey the the instructions herein contained if the Governor is authorized and requested to remove such Director or Directors without delay.)

That the Secretary of State is instructed to deliver to each of the Directors a certified copy of this bill within 6 days after its ratification.

Mr. Jarvis offered the following proviso: *Provided*, The said surplus earnings shall be applied exclusively to the paying interest of the State bonds issued for the construction of said road.

On motion of Mr. Moore of Chowan, the previous question was called, and Mr. Jarvis' proviso was rejected and the bill passed its second reading by a vote, of yeas 47, nays 18.

Mr. Durham, offerred the following proviso: *Provided*, That the dividends due the State shall be applied to the payment of the appropriations made to the Insane Asylum and the institution of the Deaf, Dumb and Blind. Mr. Durham, offered this proviso in order to relieve the people of the of being burdened by a special tax for the support of those institutions.

On motion of Mr. Moore, of Chowan, the previous question was called.

Mr. Durham's proviso was put to a vote and rejected by a vote of yeas 27 nays 42 (a party vote with few exceptions.) The bill then passed its third reading by a vote of yeas 57 nays 24 (also a party vote with some exceptions.)

Reynolds moved to suspend the rules and take up his resolution requiring the Commission appointed to investigate alleged frauds to make a full or partial report to the General Assembly on or before the 1st of March 1870, and after that monthly to the Governor.

After some debate the motion was adopted.

Mr. Malone moved to strike out "required" and insert "requested." Lost.

Mr. Stilley moved to strike out the latter part of the resolution so as to make the Commission report to the General Assembly by the 1st day of March.

Mr. Durham said that this amendment would limit the action of the Commission to about 15 days. He charged that gentlemen who voted for this amendment would do so, knowing full well that it would be impossible to obtain the testimony of Littlefield, Swepson and other important witnesses. He called upon the Reporters to note this fact, and his denunciation of this evident and patent attempt to defeat an effective and thorough investigation of frauds by the Commission recently organized.

Reynolds, col., opposed the amendment. Harris of Wake, col., favored it.

On motion of Mr. Pou, the matter was referred to the Committee on Judiciary with instructions to report to-morrow morning.

On motion of Harris, of Wake, col., the rules were suspended and the bill levying a special tax for the support of the Insane Asylum and the Deaf, Dumb and Blind Asylum, was taken up.

Mr. Durham said that in view of the passage of a bill calling into the Treasury dividends of the N. C. R. R., he would moved to postpone this bill until Wednesday week, in order that the House might know the amount so obtained, and it might be large enough to relieve the necessities of the two Asylums. He did not think members should be so greedy for their *per diem* as to recklessly saddle the people with additional taxes, &c.

After some debate Mr. Durham's motion was rejected by a vote of yeas 31, nays 36.

The bill then passed its second reading by a vote of yeas 38, nays 33.

On motion of Mr. Argo, the rules were suspended and the bill to authorize the Commissioners of Orange, to issue bonds was taken up and passed its second reading by a vote of yeas 63, nays 0.

The House then adjourned.

MEETING IN YADKIN COUNTY.

According to previous notice, a number of the citizens of Yadkin county, irrespective of party, assembled in the Court House at Yadkinville, to consult together for the common good.

On motion of J. G. Marler, Esq., George Nicks, Sheriff of the county, was elected Chairman; and on motion of Joseph Dobson, Esq., S. T. Speer and J. A. Martin, Esqrs., were appointed Secretaries.

On motion, the Chairman appointed the following gentlemen to draft resolutions for the action of the meeting, to-wit: J. G. Marler, T. L. Tulburt, R. G. Zachary, J. H. Myers and A. Hampton.

During the absence of the Committee, the meeting was entertained by an appropriate speech from Joseph Dobson, Esqr., at the conclusion of which the Committee returned and reported the following resolutions through their Chairman, J. G. Marler:

Resolved 1st, That, at this period of our country's misfortunes, all good men should exert their influence to save the country.

Resolved 2nd, That the people under both the State and Federal Constitutions, have the right to meet together to consult for the public good and instruct their Representatives.

Resolved 3rd, That the representatives of the people have, in all past time, been regarded as the exponents and defenders of popular rights; but judging from the proceedings of the Legislature of North Carolina, a portion of our representatives are about to become the betrayers of the people and destroyers of their liberty.

Resolved 4th, That the term of office of the members of the existing General Assembly, will expire on the first Thursday in August next, and any attempt to hold over will be unwise, unjust, usurping and dangerous.

Resolved 5th, That should they hold over, we will regard them as an unconstitutional body, and their actions as unauthorized.

Resolved 6th, That the raising of this question and throwing the burden of deciding the same upon the Supreme Court, is an outrage upon the Court and an insult to the people.

Resolved 7th, That we call upon the proper authorities, to make the necessary arrangements for holding an election on the first Thursday in August next.

Resolved 8th, That we are opposed to the suspension of the writ of *habeas corpus* under any circumstances, and that we are also opposed to giving the Governor the power to declare any county in a state of insurrection, and to call out the militia, except upon the proper affidavits of the civil officers of the county that an insurrection actually exists and they are not able to suppress it.

Resolved 9th, That we are bitterly opposed to the sale of "any portion of the public works" in which the State is interested, believing that such sale is, at this time, necessary and injudicious, and would prove detrimental to the interest of the people of North Carolina and the government thereof.

Resolved 10th, That the members of the Legislature in voting themselves *seven dollars per day*, have acted unjustly and oppressively towards their constituents.

Resolved 11th, That we are opposed to long sessions of the Legislature.

Resolved 12th, That we are in favor of Constitutional Law, order, peace and unity, throughout the State.

The above resolutions were separately read and *unanimously* adopted.

The following additional resolutions were then offered and adopted:

By R. G. Zachary: *Resolved*, That we request our members of the Legislature to use all legal and legitimate means to procure universal amnesty and pardon for the citizens of North Carolina.

By J. G. Marler: *Resolved*, That in the opinion of this meeting, the thanks of the people of North Carolina are due (and of this meeting are hereby tendered) to Chief Justice Pearson, and to his Associate, Judge Dick, for the communication which they presented to the President of the Senate, containing an opinion adverse to the present General Assembly holding over for four years.

By Joseph Dobson:

Resolved, That a copy of the proceedings of this meeting be forwarded to the Raleigh SENTINEL, *N. C. Standard*, and *Old North State*, with a request that they publish the same.

The meeting then adjourned.

A correspondent of the Savannah *Republican* states that Littlefield is at Tallahasse engaged in lobbying his railroad schemes. He received $10,000 by express and a few days afterward had a bill introduced giving validity to the Omnibus Railroad Swindle as fraudulently altered with an amendment increasing the issue of bonds from $14,000 to $16,000 and $20,000 per mile. It is stated that there is little doubt but that it will pass.—*Marianna (Fla.) Courier.*

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leiberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

NEW ADS.—Valuable city property, at auction, by J. N. Bunting.

And a small tract of land in the county, by the same.

Don't forget the sale of lot to-morrow, by W. H. Jones & Co.

Hardware in variety, by Julius Lewis.

Groceries in variety, by W. C. Stronach & Co.

WYMAN THE WIZZARD, is coming, and will be here to-night, and open his budget of funny tricks at Tucker Hall at 8½ o'clock. He will be here three more nights, and that's about as long as the quarters will hold out. Philosophy, magic, deception and ventriloquism will bring a crowd, for

"A little nonsense, now and then,
Is relished by the best of men."

LAMENTABLE AFFAIR.—A difficulty occurred yesterday morning between Dr. Wm. Green, near this city, and his brother Andrew, during which the latter was shot by the former in the thigh and hip, with a shot gun, inflicting a very serious wound, though it is hoped it will not result fatally, as was at first thought.

The difficulty, we understand originated about some hogs, but we are not sufficiently informed to give particulars. Dr. Green is in custody, and will probably have an examination before a Magistrate to-day.

LATER.—Dr. Green was before Mayor Harrison, yesterday afternoon, and Dr. McKay, who attended Andrew, stating that there was no immediate apprehension of death from the wound, further testimony was waved by the prisoner, and he was required to give bail in $2,500, which he failed to do and was lodged in jail.

PUBLIC MEETING.—There was a meeting of the citizens of Raleigh held at the Court Hourt, last night, to consider the question of consolidating the eastern end of the N. C. Railroad, between Raleigh and Goldsboro' with the Atlantic and N. C. Railroad. Owing to the short and limited notice the meeting was not very full.

James M. Towles, Esq., was called to the Chair, and Capt. J. Q. DeCarteret, requested to act as Secretary.

Resolutions were adopted endorsing the consolidation, and a committee of five appointed to memoralized the Legislature on the subject.

The Committee are, T. F. Lee, A. Creech, W. G. Upchurch, J. P. Prairie and John Nichols.

The Committee are also to wait on the business men of the City, to see who will join in a petition to the Legislature in favor of the measure.

The lateness of the hour forbids comment. The subject is one that deserves the consideration of our business men.

ANOTHER.—It is said another paper is to be started in Newbern.

The Raleigh SENTINEL lives and glows and thrives in personalities. The editor of that paper denounces every Republican as a blackguard or villain.—*Asheville Pioneer.*

The *Pioneer* prints a falsehood in the above. The SENTINEL, it is true, finds a good deal of denouncing of Republicans to do; so much that we find it difficult to keep up and do justice to the subject. But the *Pioneer* lies like a dog when he says we denounce "every Republican." It is only the dishonest, swindling, thieving scoundrels among them, generally the prominent leaders, whom we denounce. We have not time nor space to devote to the little rascals who are hired, like the editor of the *Pioneer*, to do the dirty work of the leaders, and throw dirt in the people's eyes. They'll rot out of sight soon enough, besides, they will never be allowed by those who employ them to get a chance to steal much because of the probability that in their eagerness they would spoil their own sport. Therefore we don't think the game worth the ammunition.

The editor of that paper has been for some time fishing for a notice from us, and now we hope he is satisfied.

SAD RESULT OF EMIGRATION.—We learn from a note received from a gentleman of Franklin, related to some of the parties mentioned, the following sad intelligence in regard to a company of emigrants from this State to Texas.

The party, consisting of between twenty and thirty persons, left Franklin county on the third of January, going from Raleigh direct to Memphis, Tennessee, thence down the Mississippi to New Orleans and from New Orleans to Galveston, Texas. On their arrival at Liberty, on the Trinity River, they found the River so low they could not proceed, and had to wait for a rise.

While there, on Wednesday, (date not given) Robert Winston, son of R. S. and Julia Winston, died; on the same day, J. J. Freeman was taken sick, and died on Friday following; on Saturday, Susan, a colored girl died. On Sunday, Wm. Holden, son of Joseph Holden, deceased, and Amanda Holden, died; on Wednesday, Sallie Winston, daughter of R. S. and Julia Winston, died.

It is supposed that this mortality was caused by the emigrants taking deck passage on the river and across the Gulf, thus being exposed to the chilly winds of the nights.

The writer requests the *Standard* to notice the above.

BLOCKED.—O. H. Blocker, of Cumberland, has blocked the game on the Rev. Col. Sinclair. He has been appointed Revenue Assessor in Sinclair's place. Sinclair maligned because he was unwilling to do the dirty work that Abbott and the carpet-baggers down there required of him, so he says. It must have been very dirty work, if Sinclair shrunk from it.

GAS.—We noticed a few days ago that the city authorities of Charlotte stopped the supply of gas to the public lamps, because the gas company wanted to charge $7 a thousand for it. By this we understand that seven dollars is the price charged for gas to Charlotte, and further, that the authorities think seven dollars too high.

These facts suggest some reflections in regard to the price of gas in Raleigh. We don't get it at seven dollars.—We know it is said that stock in the Raleigh Gas Company is the best in the State. Indeed it cannot be bought at any price. This we suppose, is on account of the *high dividends* the stock pays. The dividends and price of gas are both too high; it would be better for the Company and better for the consumer to bring down both to a medium.

We are confident that with economical management the Company can furnish gas cheaper and still make a reasonable dividend; and if it really cannot furnish it cheaper and make reasonable profit, on account of expensive management, we don't think consumers ought to be made to foot the bill.

In short eight dollars a thousand is *too much* for gas, whether the company is making money or not; but, if the city, the State, the County and the private consumers are disposed to continue to pay, we shall not be much surprised should the Company continue to charge it. This is a matter for consideration on the part of the Company as well as on the part of the "parties of the second part;" we allude to the matter only to awaken reflection on it.

Now we are not absolutely certain that gas *can* be furnished cheaper than it is; we have thrown out these hints in order to bring about a reduction, if possible.

PAID UP.—The employes of the *Standard* sign and publish, in yesterday's issue of that paper, a receipt in full for all back rations, and the editor says he will be able to continue paying up for the future. We congratulate all hands on the flattering prospect of affairs; for, we thought, as stated last Saturday, that it would be very unjust in Littlefield to be indulging in acts of liberality abroad and not pay his printers and others who run his machine in his absence.

Of course it was no special business of ours whether he paid his printers or not, but we remembered that that sheet, some six months ago, gave the SENTINEL only three months to live, and seemed to glory in the prospect of getting rid of us so soon.

We know Littlefield can run that machine on State bonds when other resources run low—the only difficulty being in overtaking him to get them. He is said to be running the Legislature and Governor of Florida by the same means, just now.

All we had to base our allusion upon, in regard to not paying up, was, what *two* of those whose names are signed to the published receipt said, namely, that, on Saturday night a week ago, the office could not pay up; and upon another fact to which we do not care to allude, for the sake of the party from whom we obtained it.

We have nothing to say in regard to the extraordinary increase in subscriptions, mentioned by the editor, further than this: At several offices we know that the number of *Standards* received has greatly decreased; and further, if the increase in its subscriptions is very much in excess of the decrease, it is not shown by the amount of papers taken to the post office. We have no disposition to boast continually on this subject—our lists are good and gradually increasing, as our paper bills, which are paid, will show.

LOVE AND SAUSAGES.—We used to sing an old song, in our younger days, about Love *and* Sausages, in later days we have changed the connecting particle, and now we go in, love *of* sausages. A. D. Taylor, Family Grocer, Fayetteville street, aware of our weakness in this regard, has sent us a sample of sausage he keeps for sale, which are delectable to the taste and nourishing to the physical constitution. These are the celebrated Hechler sausage, made by Hechler of Richmond, Va., and always mentioned as an article of delicacy in the first class hotel and steamboat bills of fare. Taylor has them for sale.

MANSION HOUSE, CHARLOTTE.—We hereby acknowledge the receipt of an invitation to a party at that well known and popular Hotel, the Mansion House, Charlotte, to come off on Friday, the 18th inst., for which the committee will please accept our thanks. We do not know whether we can be present, for we have a great work to perform, that does not, just now, allow us to turn aside; but whether we go or not, we wish the participants agood time and much enjoyment.

SUPREME COURT.

[Reported expressly for the SENTINEL by the Deputy Clerk of the Supreme Court]

MONDAY, Feb. 14th, 1870.

Court met according to adjournment.

The following gentlemen of the bar were in attendance upon the Court during the morning, viz: Messrs. Bragg, Moore, Fowle, Haywood, Batchelor, Phillips, Folk, K. P. & R. H. Battle, Victor C. Barringer and A. Smedes.

Critcher vs. McCadden, from Granville. Motion by Batchelor to reinstate the case upon the Docket. Motion allowed.

The whole morning was occupied by the cases of Wilmington & Weldon R. R. Company and the Raleigh & Gaston R. R. Co. *vs.* John A. Reid, Sheriff of Halifax.

The general question involved in these cases, is whether the Legislature has a right to tax the franchise and rolling stock of the Wil. & Wel. and Ral. & Gaston R. R. Companies, contrary to the exemption contained in the charters of these companies.

The question was ably argued by Mr. Moore for the Plaintiff, and Messrs. Bragg, and Kemp P. Battle for the defendant. The argument will be concluded to-morrow by Fowle & Batchelor for plaintiff.

Court adjourned at 1 P. M.

Cases put to the end of the docket, will probably be reached about Friday, certainly next Monday.

This class of cases will be called in regular order, commencing with the First District.

Saturday Night Dispatches.

WASHINGTON.

WASHINGTON, Feb. 12.—Revenue to-day over $500,000.

The Senate Committee on Foreign Affairs considers Cuba next week.

The Gold Panic Committee have closed their report; it will cover several hundred printed pages.

Mr. Gibson, Attorney for Gov. Bullock and his delegation, read an argument before the Reconstruction Committee; the main point endeavored to be made being that Hill was elected Senator by illegal votes. The difference between Bullock and Bryant factions seems that Bullock wishes all former legislation tabooed. Bryant wants it recognized up to the expulsion of the negroes at least, and favors the validity of all act of the Legislature. Bryant and Colwell presented printed arguments that the present Legislature is illegal and asked Congress for remedy.

Horse Judd introduced a bill to construe section 4 of the act of March 31, 1868, exempting certain manufactures from the internal tax, so as not to treat as manufacturers, hog packers, lard renders or persons engaged in saving hams, or canning meats, or in the provision trade, and to refund such taxes already collected.

Cox hoped the bill would be reported upon and passed without delay, as it affected the whole provision business of the United States. The bill was referred to the Committee on Ways and Means.

VIRGINIA.

RICHMOND, Feb. 12.—The House adopted, with few dissenting votes, a resolution declaring that it is not expedient to elect any person to any office who is disqualified by the 14th amendment. This resolution is in answer to a suggestion contained in Gov. Walker's message, that in view of the scarcity of competent persons, that if Legislature should elect some who are disqualified, it should accompany the election with a resolution asking Congress to remove their disabilities.

WASHINGTON, Feb. 14.—The Ways and Means Committee considered the bill extending whisky bonds to three years, also a memorial from the New Orleans Chamber of Commerce, presented by Gen. Schenck, against a change in the sugar tariff.

HOUSE.—The memorial of the New Orleans Chamber of Commerce, regarding the sugar tariff, was referred back to the Committee.

Various disability bills were presented.

The yeas and nays were called and are progressing on a resolution that Washington and Georgetown should support their paupers without Federal aid.

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and colorless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

ON THE NIGHT OF FEB. 1st, I HAD A Mare stolen from my stable in Chatham county; on Thursday, 3rd, the mare was sold to Mr. Wm. I will give the above reward of twenty dollars for the apprehension of the said Baxter Hobby, so as to bring him before the proper legal authority.

Hobby is about 22 years old light complexion, no whiskers, almost yellow hair, about 5 feet 10 inches high, and weighs about 145.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,18
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 539 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
